

Target audience

8-13 year olds

Welcome to the Safer Internet Day 2017 quiz

The theme of Safer Internet Day 2017 is Be the change: Unite for a better internet.

This Safer Internet Day the UK Safer Internet Centre is exploring how children and young people share images and videos online, from emojis to vlogs.

How much do you know? Take our quiz to find out...**For each question pick ONE answer:**

Question 1:

When a photo or video is shared on the internet, who *might* be able to see it?

<input type="checkbox"/>	A. Anyone
<input type="checkbox"/>	B. Just me, everything is automatically private on the internet.
<input type="checkbox"/>	C. Only the people who I choose.

Question 2:

One of your teachers slipped over on the field and someone took a video of it on their phone. It gets sent to you. Do you share it?

<input type="checkbox"/>	A. Yes! It was hilarious!
<input type="checkbox"/>	B. Probably, but only to my friends.
<input type="checkbox"/>	C. Wouldn't that be mean?

Question 3:

One of your classmates has shared a photo of you that you really don't like. What do you do?

<input type="checkbox"/>	A. Share an embarrassing photo of them in return!
<input type="checkbox"/>	B. Nothing; it's up to them what they post online.
<input type="checkbox"/>	C. Tell an adult and explain why you're unhappy.

Question 4:

You took a photo of your friend doing something that might get her into trouble. Do you share it?

<input type="checkbox"/>	A. No, I wouldn't like it if she did that to me.
<input type="checkbox"/>	B. I'd only share it with my closest friends, so no one else will see it.
<input type="checkbox"/>	C. She'd definitely see the funny side, and no one will remember!

Question 5:

You took a video of you and your friends play fighting and being really silly. Do you share it?

<input type="checkbox"/>	A. We're only messing around, of course.
<input type="checkbox"/>	B. Probably not, I might not want people to see it in the future.
<input type="checkbox"/>	C. Probably, it was just for fun and I can delete it later.

Question 6:

You want to share a video of yourself online, but are not sure. Who should you ask before you do it?

<input type="checkbox"/>	A. The website can tell me if it's suitable or not.
<input type="checkbox"/>	B. No one. I can delete it later if I need to.
<input type="checkbox"/>	C. Your parents or carers.

Question 7:

Your friend is really into photography but has received some unkind comments for one of his online pictures. How can you help?

<input type="checkbox"/>	A. Help your friend figure out how to block them.
<input type="checkbox"/>	B. Tell an adult and ask them to show you what you can do online to stop it happening.
<input type="checkbox"/>	C. Reply to the comment and tell this person not to be so mean.

Safer Internet Day 2017 Quiz - Answer sheet

Question 1:

When a photo or video is shared on the internet, who *might* be able to see it?

The correct answer is: **A. Anyone**

When posting something online, you usually have the option to control who can see the content. However, anyone that you have allowed to view it could then copy it, or share it on further – possibly making it public.

Question 2:

One of your teachers slipped over on the field and someone took a video of it on their phone. It gets sent to you. Do you share it?

The correct answer is: **C. Wouldn't that be mean?**

Something that is funny to one person, is not always funny to another. The teacher who fell over may be feeling really embarrassed by what happened and sharing it may only make the situation worse.

Question 3:

One of your classmates has shared a photo of you that you really don't like. What do you do?

The correct answer is: **C. Tell an adult and explain why you're unhappy.**

An adult will be able to advise you, and can help you let your friend know that you are feeling unhappy. Together, you can ask them to remove the photo that is upsetting to you, in a polite way.

Question 4:

You took a photo of your friend doing something that might get her into trouble. Do you share it?

The correct answer is: **A. No, I wouldn't like it if she did that to me.**

Always treat others online in the way that you would expect to be treated. If you know you'd feel bad if it happened to you, then it's really important not to do it to someone else.

Question 5:

You took a video of you and your friends play fighting and being really silly. Do you share it?

The correct answer is: **B. Probably not, I might not want people to see it in the future.**

When something is shared online, it could be there forever. Posting something that could affect your reputation, or your friends' reputations, is not advisable. The internet never forgets!

Question 6:

You want to share a video of yourself online, but are not sure. Who should you ask before you do it?

The correct answer is: **C. Your parents or carers.**

Your parents and carers are the best people to help you decide what is suitable for the internet and what is better kept offline. Sometimes, you may be giving away personal information without even realising it.

Question 7:

Your friend is really into photography but has received some unkind comments for one of his online pictures. How can you help?

The correct answer is: **B. Tell an adult and ask them to show you what you can do online to stop it happening.**

An adult will be able to give you the best advice and show you how to use the safety tools available online. This is a better choice than trying to do it yourself or engage in the conversation online.

Safer Internet Day 2017 Quiz - How did you do?

1-2 correct answers

You are an Internet Beginner

You are starting to enjoy life online, and can see that there is a lot to figure out! Always ask a trusted adult for help when using the internet and you can enjoy the journey together.

On the UK Safer Internet Centre website there are games, quizzes and lots of advice to help you stay safe online.

www.saferinternet.org.uk/young-people

3-4 correct answers

You are an Internet Explorer

You are starting to understand how to be safe, and a good friend, online. Always remember to think before you post, and consider how what you do can affect your friends' feelings too.

Why not watch one of our brilliant SID TV videos to learn more?

www.saferinternet.org.uk/sid-tv

5-6 correct answers

You are an Internet Adventurer!

You are learning lots about the internet and all the exciting things on offer! You're making some excellent decisions and are thinking carefully about your friends online too. You also know when to ask an adult for help.
